PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of PAR Technology Corporation (the “Board”), a Delaware corporation (the “Company”), for use at the Annual Meeting of Shareholders to be held at 10:00 AM, local time, on Wednesday, May 18, 2016, at Turning Stone Resort, Tower Meeting Rooms (Saranac Room), 5218 Patrick Road, Verona, New York 13478 and at any postponement or adjournment thereof. The approximate date on which this Proxy Statement, the form of proxy and Annual Report for the fiscal year ending December 31, 2015 are first being sent, given or made available to shareholders is April 8, 2016.

Purpose of Meeting

At the meeting, shareholders will be asked to consider and vote on the following matters:

1. To elect seven (7) Directors of the Company for a term of office to expire at the 2017 Annual Meeting of Shareholders;
2. To obtain a non-binding advisory vote regarding the compensation of the Company’s Named Executive Officers; and
3. To transact such other business as may properly come before the meeting or any adjournments or postponements of the Annual Meeting.

Each of the proposals is described in more detail in this Proxy Statement.

Record Date

Only shareholders of record at the close of business on March 24, 2016 will be entitled to notice of and to vote at the meeting or any postponements or adjournments of the meeting. As of that date, there were 15,606,211 shares of the Company's common stock, par value \$0.02 per share (the “Common Stock”), outstanding and entitled to vote. Treasury shares are not voted. Each share of Common Stock entitles the shareholder to one vote on all matters to come before the meeting including the election of the Directors. The holders of shares representing a majority, or 7,803,106 shares, represented in person or by proxy, shall constitute a quorum to conduct business.

Voting Rights

Broker discretionary voting (voting without specific instruction from the shareholder) has been eliminated in connection with uncontested election of directors and corporate governance matters supported by management. As a result, broker discretionary voting will not be allowed with respect to any of the above proposals. Every shareholder is encouraged to participate in voting.

Methods of Voting

Shareholders may vote in person or by proxy. Shareholders of record may vote by mail, via telephone, via the internet or at the Meeting. If you are a beneficial shareholder, please refer to your proxy card or the information forwarded to you by your bank, broker or other holder of record to identify which voting options are available to you. **If you take advantage of telephone or Internet voting, you do not need to return your proxy card.** Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 3:00 AM Eastern Time on May 18, 2016.

A shareholder's right to attend the meeting and vote in person will not in any way be affected by the method by which the shareholder has voted. The last vote of the shareholder is controlling. If shares are held in the name of a bank, broker or other holder of record, the shareholder must obtain a proxy, executed in their favor, from the holder of record to be able to vote at the meeting. All shares that have been properly voted and not revoked will be voted at the meeting. When proxies are returned properly executed, the shares represented by the proxies will be voted in accordance with the directions of the shareholder. In those instances where proxy cards are signed and returned, but fail to specify the shareholder's voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. The proxy solicited hereby may be revoked at any time prior to its exercise by: (i) executing and returning to the address set forth above a proxy bearing a later date; (ii) voting on a later date via telephone or Internet; (iii) giving written notice of revocation to the Secretary of the Company at the address set forth above; or (iv) voting at the meeting.

Effects of Voting

With respect to the election of the Directors, shareholders may: (i) vote "FOR" the nominees named in this Proxy Statement; or (ii) "WITHHOLD AUTHORITY" to vote for any or all such nominees. The election of the Directors requires a plurality of the votes cast. Accordingly, withholding authority to vote for any Director nominee will not prevent the nominee from being elected.

With respect to the non-binding advisory vote regarding the compensation of the Company's Named Executive Officers, shareholders may: (i) vote "FOR"; (ii) vote "AGAINST"; or (iii) "ABSTAIN" from voting. For this proposal, the vote is advisory and not binding on the Company, its Board of Directors or the Compensation Committee in any way. Therefore, there is no vote required for approval. However, the Board of Directors and the Compensation Committee will take into account the outcome of the vote when making future decisions regarding the Company's executive compensation programs.

With respect to any other matter that properly comes before the meeting, the affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote on the proposal will be required for approval.

Electronic Access to Proxy Materials and Annual Report

This Proxy Statement, Form of Proxy and the Company's Annual Report to its shareholders for the year ended December 31, 2015, including audited consolidated financial statements are available on the Company's web site at <https://www.partech.com/about-us/investors/annual-reports/>.

Proxy Solicitation and Costs

In addition to the use of the internet and mail service, directors, officers, employees and certain stockholders of the Company may solicit proxies on behalf of the Company personally, by telephone or by facsimile or electronic transmission. No additional compensation will be paid to such individuals. The Company will bear the cost of the solicitation of proxies, including the preparation, assembly, printing and mailing of the Notice of Internet Availability, this Proxy Statement and any additional information furnished to shareholders. The Company will also bear the cost of the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of shares of the Company's Common Stock. The internet and telephone voting procedures are

designed to verify a shareholder's identity, allows the shareholder to give voting instructions and confirm that such instructions have been recorded properly.

Proposal 1: Election of Directors

Pursuant to the Company's Certificate of Incorporation, as amended in 2014, all directors (other than those who may be elected by the holders of any series of preferred stock, voting as a separate class) are elected for a one-year term expiring at the next annual meeting of shareholders. Each director shall serve until his or her successor is duly elected and qualified or until his or her death, resignation or removal. Therefore, at this meeting, directors will be elected for a one-year term expiring at the Annual Meeting held in 2017. The seven nominees of the Board of Directors are all currently members of the Board and have been nominated for election by the Board upon recommendation of the Nominating and Corporate Governance Committee and each has consented to stand for re-election.

The Board has no reason to believe that any of the nominees will be unable or unwilling to serve if elected. In the event that any of the nominees shall become unable or unwilling to accept nomination or election as a director, it is intended that such shares will be voted, by the persons named in the Form of Proxy, for the election of a substitute nominee selected by the Board, unless the Board should determine to reduce the number of directors pursuant to the By-Laws of the Company.

The names of the nominees, their ages as of April 8, 2016, the year each first became a director are set forth in the following table.

Nominees for Director	Age	Director Since
Ronald J. Casciano	62	2013
Paul D. Eurek	56	2014

Cynthia A. Russo	46	2015
Dr. John W. Sammon	77	1968
Karen E. Sammon	51	2016
Todd E. Tyler	53	2014

The Board of Directors unanimously recommends a vote FOR the proposal to elect all of the above named nominees for a one year term to the Company's Board. Unless a contrary direction is indicated, shares represented by valid proxies and not so marked as to withhold authority to vote for the nominees will be voted **FOR** the election of the nominees.

CORPORATE GOVERNANCE

As provided by the By-Laws of the Company, as amended, and the laws of the State of Delaware, the Company's state of incorporation, the business of the Company is under the general direction of the Board. The Board is comprised of six non-management directors and one management director.

Director Independence. The Board of Directors has affirmatively determined that four of the non-management directors (Directors Eurek, Foley, Russo and Tyler) are "independent" under the listing standards of the New York Stock Exchange ("NYSE"), the Company's Standards of Independence, and pursuant to the Company's Corporate Governance Guidelines. Prior to his departure from the Board in May 2015, former Director John S. Barsanti was affirmatively determined by the Board to also meet these independence standards. In order to assist the Board in making this determination, the Board has adopted standards of independence as part of the Company's Corporate Governance Guidelines, which are available on the Company's website at https://www.partech.com/wp-content/uploads/2015/12/PAR_Corp_Gov_Guidelines-as-Amended-12-10-14.pdf.

The standards in the Corporate Governance Guidelines identify, among other things, material business, charitable and other relationships that could interfere with a director's ability to exercise independent judgment. During 2015, there were no transactions, relationships or arrangements between the Company and Directors Eurek, Russo or Tyler or any of their respective immediate family members or entities with which they are affiliated. Dr. Foley, through his consulting firm, Martingale Consulting, served as a consultant to the Company from April 25, 2012 through December 8, 2015. In no twelve month period during the last three years did Dr. Foley receive compensation from the Company that totaled or exceeded \$120,000. During 2015, Dr. Foley received compensation in connection with this consulting relationship totaling \$80,000. This consulting relationship with Martingale Consulting ceased in December 2015 and, during 2015, there were no other transactions, relationships or arrangements between the Company and Director Foley or any of his immediate family members or entities with which his is affiliated. During 2015, there were no transactions, relationships or arrangements between the Company and former Director Barsanti or any of his immediate family members or entities with which his is affiliated. There are no family relationships between Directors Eurek, Foley, Russo or Tyler and any of the Company's executive officers ("Executive Officers"). The Executive Officers serve at the discretion of the Board.

Board Meetings and Attendance. In 2015, the Board held 20 meetings and the standing Committees of the Board held a total of 13 meetings. Each director attended at least 75% of the aggregate of all meetings of the Board and the committees on which they served. It is the Company's policy to encourage directors to attend the Annual Meeting of Shareholders but such attendance is not required. Last year, one member of the Board attended the Annual Meeting of Shareholders.

Board Leadership Structure. Since 2013, the Company's By-Laws provide for the separation of the position of Chairman of the Board from the office of Chief Executive Officer. In 2015, former Director Barsanti served as Chairman of the Board and Presiding Director of the independents until the expiration of his term on May 28, 2015. Following the 2015 Annual Meeting of Shareholders, the Board did not elect a Chairman of the Board but placed the leadership of the Board with Director Russo who was elected Lead Director and who performs the function of the Chairman of the Board. The Board has determined that the separation of the roles of Lead Director and Chief Executive Officer is appropriate for the Company as it enables the Chief Executive Officer to

focus more closely on the day to day operations of the Company while the Lead Director provides leadership to the Board. As a result, the Board believes a non-executive Lead Director enables the leader of the Company's Board to better represent shareholder interests and provide independent evaluation of and oversight over management. The Board also believes that such separation is consistent with best practices of corporate governance of a publicly traded company. The independent directors have also designated Director Russo as the independent lead or Presiding Director with broad authority and responsibility. During 2015, Presiding Director Barsanti scheduled and presided at one executive session of the non-management directors and one executive session of the independent Directors without any management directors or employees present. Presiding Director Russo scheduled and presided over one executive session of the independent Directors without any management directors or employees present. The respective Presiding Directors communicated with the Chief Executive Officer to provide feedback and recommendations of the independent directors.

Board Oversight of Risk Management. The Board is responsible for oversight of risk management. As part of its meetings in 2015, the Board dedicated time to review and discuss with management specific risk topics in detail. In addition, the Board held four meetings in 2015 for a comprehensive review with management of each of the Company's business segments to discuss existing and potential strategic and operational risks. Follow up with the Board was conducted as appropriate. The Audit Committee oversees the Company's risk policies and processes relating to the financial statements and financial reporting processes, including internal controls over financial reporting. The Company's Internal Audit function reports directly to the Audit Committee and the Committee meets regularly with the Company's management and independent public accounting firm regarding these matters and the effectiveness of such controls and processes. The Audit Committee regularly reports on such matters to the full Board.

Committees. The Board has three standing committees: Audit; Compensation; and Nominating/Corporate Governance. Pursuant to the Company's By-Laws, the Board may designate members of the Board to constitute such other committees as the Board may determine to be appropriate. The members of each of the three standing committees and the number of meetings held by each committee in 2015 are set forth in the following table.

Name	Audit	Compensation	Nominating & Corporate Governance
Meetings Held in 2015	4	6	3

Paul D. Eurek	X	Chair	X
Dr. Donald H. Foley ⁽¹⁾	X	X	X

- (1) The effective dates of Director Foley's committee assignments coincide with the date of his appointment to the Board effective January 1, 2016.
- (2) The effective dates of Director Russo's committee assignments coincide with the date of her election to the Board on May 28, 2015. Prior to May 28, 2015, the committee assignments currently held by Director Russo were held by former Director John S. Barsanti.

Audit Committee. In accordance with its charter, the Audit Committee assists the Board in oversight of the Company's accounting and financial reporting processes, systems of internal control, the audit process of the Company's financial statements, and the Company's processes for monitoring compliance with applicable laws and regulations as well as the Company's code of ethics and conduct. The New York Stock Exchange ("NYSE") and the Committee's charter require the Audit Committee to consist of a minimum of three members, each of whom has been determined by the Board to meet the independence standards adopted by the Board. The standards adopted by the Board incorporate the independence requirements of the NYSE Corporate Governance Standards and the independence requirements set forth by the SEC. The Board has determined each of the members of the Audit Committee (including any member who has stepped down during 2015) and the current

members of the Audit Committee to be “independent” as this term is defined by the NYSE in its listing standards, meet SEC standards for independence of audit committee members and no member of the Audit Committee has a material relationship with the Company that would render that member not to be “independent”. The NYSE and the Committee’s charter require all members of the Committee to be financially literate at the time of their appointment to the Committee, or within a reasonable time thereafter. The Board has determined that all members of the Audit Committee are financially literate and the Chair of the Committee, Director Russo, and Director Tyler are each an “audit committee financial expert”, as defined by the SEC. The number of meetings of the Audit Committee indicated in the table above includes meetings held separately with management, the Company’s Internal Audit function, the independent public accounting firm, as well as separate executive sessions with only independent directors present. The Report of the Audit Committee begins on page 11 of this Proxy Statement.

Compensation Committee. The Committee’s charter requires the Compensation Committee to be comprised of a minimum of three independent directors. The present Committee is comprised of four members. The Board has determined that each of the members of the Committee has met the independence standards adopted by the Board which incorporate the independence requirements of NYSE listing standards even though these rules are not applicable to smaller reporting companies. Meeting as needed, the Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Company’s Chief Executive Officer, evaluates performance in light of those goals and objectives and determines and approves the compensation level (including any long-term compensation components) and benefits based on this evaluation. In addition, the recommendations of the Chief Executive Officer regarding the compensation, benefits, stock grants, stock options and incentive plans for all Executive Officers of the Company are subject to the review and approval of the Compensation Committee. The Compensation Committee also reviews and makes recommendations to the Board regarding the level and form of compensation for non-employee directors in connection with service on the Board and its committees.

In 2015 the Committee did not engage any independent compensation consultant, choosing to utilize purchased survey data more fully described in the compensation discussion under the heading Executive Compensation commencing on page 17 of this document.

Nominating/Corporate Governance Committee. Pursuant to the NYSE listing standards all members of the Nominating/Corporate Governance Committee are independent. Pursuant to its charter a minimum of three independent directors must constitute the Nominating/Corporate Governance Committee. The present Committee is comprised of four members. The Board has determined that each of the members of the Nominating/Corporate Governance Committee has met the independence standards adopted by the Board which incorporate the independence requirements of NYSE listing standards. The Nominating and Corporate Governance Committee assists the Board in meeting its responsibilities to:

- identify and recommend qualified nominees for election to the Board
- develop and recommend to the Board a set of corporate governance principles, as set forth in the Company’s Corporate Governance Guidelines;
- maintain the corporate code of ethics and conduct as set forth in the Company’s Code of Business Conduct and Ethics; and
- monitor the compliance with, and periodically review and make recommendations to the Board regarding the Company’s governance.

Committee Charters. The Board of Directors has approved the charters under which the Audit, Compensation, and Nominating/Corporate Governance Committees operate. These charters are reviewed regularly by the respective committees, which may recommend appropriate changes for approval by the Board. Copies of the charters for the Audit, Compensation, and Nominating/Corporate Governance Committees are posted on the Company’s website and a printed copy of these documents may be obtained without charge by written request. Requests can be made via the internet or by mail. The respective website and address for making such requests

for printed copies of these and other available documents may be found under the heading “Available Information” on page 29 of this Proxy Statement.

Presiding Director and Executive Sessions. The independent directors have chosen Director Russo to preside at regularly scheduled executive sessions of the independent directors during 2015 and during 2016 until the Annual Meeting. Prior to expiration of his term on May 28, 2015, this role was filled by former Director John S. Barsanti. Among their duties and responsibilities in this capacity, the respective Presiding Directors chaired and had the authority to call and schedule Executive Sessions of the non-management directors and the independent directors. The Presiding Director communicated with the Chief Executive Officer and the Board to provide feedback and recommendations of the independent directors. The independent directors met in executive session with only independent directors being present a total of two times during 2015.

Communication with the Board. The Board avails itself to communications from the Company’s shareholders. Interested parties may send written communication to the Board as a group, the independent directors as a group, the Presiding Director, or to any individual director by sending the communication c/o Corporate Secretary, PAR Technology Corporation, PAR Technology Park, 8383 Seneca Turnpike, New Hartford, NY 13413. Upon receipt, the communication will be relayed to Director Russo if it is addressed to the Board as a whole, to the Presiding Director, or to the independent directors as a group. If the communication is addressed to an individual director, the communication will be relayed to the individual director. All communications regarding financial accounting, internal controls, audits and related matters will be referred to the Audit Committee. Interested parties may communicate anonymously if they so desire.

Director Nomination Process. The Nominating/Corporate Governance Committee reviews possible candidates for the Board and recommends nominees to the Board for approval. The Committee considers potential candidates from many sources including shareholders, current Directors, company officers, employees, and others. On occasion, the services of a third party executive search firm are used to assist in identifying and evaluating possible nominees. Shareholder recommendations for possible candidates for the Board should be sent to: Nominating and Corporate Governance Committee, c/o Corporate Secretary, PAR Technology Corporation, PAR Technology Park, 8383 Seneca Turnpike, New Hartford, NY 13413. Regardless of the source of the recommendation, the Nominating and Corporate Governance Committee screens all potential candidates in the same manner. In identifying and considering candidates, the Committee considers the requirements set out in the charter of the Nominating/Corporate Governance Committee. The criteria include specific characteristics, abilities and experience considered relevant to the Company’s businesses, including but not limited to the following:

- the highest character and integrity with a record of substantial achievement;
- demonstrated ability to exercise sound judgment generally based on broad experience;
- active and former business leaders with accomplishments demonstrating special expertise;
- skills compatible with the Company’s business objectives; and
- diversity reflecting a variety of personal and professional experiences and background.

In addition, the Committee also considers the requirements set forth in the Company’s Corporate Governance Guidelines, as well as the needs of the Company and the range of talent and experience represented on the Board. When considering a candidate, the Committee will determine whether requesting additional information or an interview is appropriate. The minimum qualifications and specific qualities and skills required for a candidate are set forth in the Company’s Corporate Governance Guidelines and the committee charter of the Nominating/Corporate Governance Committee. Both of these documents are posted on the Company’s website. Printed copies are also available, without charge, upon written request to the Company. The website and address to send such requests may be found under the heading “Available Information” on page 29 of this Proxy Statement.

Code of Business Conduct and Ethics. To ensure the Company's business is conducted in a consistently legal and ethical manner, all of the Company's directors, officers and employees, including the Company's principal executive officer, the principal accounting officer, controller and all other Executive Officers are required to abide by the Company's Code of Business Conduct and Ethics (the "Code"). The Code is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with or submits to the SEC and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of the Code to the appropriate person(s) identified in the Code; and
- accountability in connection with adherence to the Code.

The full text of the Code is available on the Company's website at: https://www.partech.com/wp-content/uploads/2015/12/PAR-Code-of-Conduct-Final_082213.pdf. The Company intends to disclose future amendments to, or waivers from, provisions of the Code that apply to the Executive Officers and directors and relate to the above elements by posting such information on its website within four business days following the date of such amendment or waiver. A printed copy of the Code may be obtained without charge by making a written request to the Company. Information regarding where such requests should be directed can be found on page 29 of this Proxy Statement under the heading "Available Information".

REPORT OF THE AUDIT COMMITTEE

The information contained in the following report is subject to the disclaimer regarding "filed" information and incorporation by reference contained on page 28 of this Proxy Statement.

Acting on behalf of and reporting to the Board, the Audit Committee provides oversight of the financial management, independent auditors and financial reporting process of the Company. Consistent with the requirements of the U.S. Securities and Exchange Commission ("SEC"), the New York Stock Exchange ("NYSE") and the Committee's charter, the Audit Committee was comprised of three independent directors during 2015 and, effective January 1, 2016 was comprised of four independent directors. The independence of the members of the Committee was determined by the Board based upon its independence standards which incorporate the NYSE governance rules and the SEC's independence requirements for members of audit committees. In addition, the Board determined the following members of the Committee, were "audit committee financial experts" as defined by rules set forth by the SEC: Cynthia Russo, Todd Tyler and, until his term expired on May 28, 2015, former director John Barsanti. During 2015, the Audit Committee met four times. The Audit Committee operates under its written charter which was approved and adopted by the Board. The Audit Committee's charter is reviewed annually for changes as appropriate and is available on the Company's website: https://www.partech.com/wp-content/uploads/2015/12/AuditCommitteeCharter_Oct2005-1.pdf and, upon request, in hardcopy (see "Available Information" on page 29 of this Proxy Statement).

The Audit Committee is responsible for appointing the independent registered public accounting firm for the Company. During 2015, BDO USA, LLP ("BDO") served as the Company's independent registered public accounting firm and has been approved to continue in that capacity by the Audit Committee in 2016. During the course of the year, BDO provided to the Audit Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent communications with the Audit Committee concerning independence. The Audit Committee discussed with BDO the matters in those written disclosures, as well as BDO's independence from the Company and its management. In addition, the Audit Committee has reviewed, met and discussed with BDO such other matters as are required to be discussed with the Committee by Auditing Standards No. 16, Communications with Audit Committees. The Company's internal audit function ("Internal Audit") was provided through an outside firm, Wood CPA* Plus,

PC, during 2015. For 2016, this function was re-established to be internal to the Company and reporting directly to the Audit Committee.

Internal Audit and BDO have unrestricted access to the Audit Committee. Throughout the year, BDO and Internal Audit met and discussed the overall scope and plans for their respective audits, the results of their examinations, and their assessment of the overall quality of the Company's financial reporting with the Committee. In addition, the Audit Committee met and discussed with Internal Audit their evaluation of the Company's internal controls. These meetings were held both with and without Company management present.

The Company's management is responsible for establishing and maintaining adequate internal financial controls, preparing the Company's consolidated financial statements in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), and the financial reporting process. The responsibility for auditing the Company's consolidated financial statements and providing an opinion as to whether the Company's consolidated financial statements fairly present, in all material respects, the consolidated financial position, results of operations and cash flows of the Company in conformity with U.S. GAAP rests with the Company's independent registered public accounting firm.

In the context of the above, the Audit Committee has reviewed, met and discussed with management and BDO: (a) the audited consolidated financial statements in the Annual Report for the year ended December 31, 2015 (including a discussion of the clarity of disclosures in the consolidated financial statements, the acceptability and the quality of the accounting principles in such statements and, the reasonableness of significant judgments made in connection with the preparation of such statements); and (b) management's assessment of the effectiveness of the Company's internal controls over financial reporting in compliance with Section 404 of the Sarbanes Oxley Act of 2002. The Audit Committee also held private sessions regarding these matters with the Company's Chief Accounting Officer and BDO. In such discussions, management advised the Audit Committee that it had identified material weaknesses in the Company's internal controls which resulted in the release of certain unauthorized transfers of Company funds described below. These transfers had been executed without receiving the proper approvals and were not permitted in accordance with the Company's lending agreement. The material weaknesses relating to this issue have been disclosed in the Company's annual report on Form 10-K.

In the first quarter of 2016, management apprised the Audit Committee certain wire transfers had been effected during the period between September 25, 2015 and November 6, 2015 involving the unauthorized transfer of Company funds, without documentation, in contravention of the Company's policies and procedures. The unauthorized investments occurred during the period between September 25, 2015 and November 6, 2015. Under direction of the Audit Committee an investigation was commenced and completed. The investigation was led by outside counsel, who engaged an independent forensic consultant to assist in the matter. As directed by the Audit Committee, the Company has reported this matter to federal law enforcement agencies, including the U.S. Securities and Exchange Commission. Upon recommendation of the Audit Committee, the employment of Michael S. Bartusek, the Company's Vice President and Chief Financial Officer was terminated effective March 14, 2016 for cause in connection with these unauthorized investments made in contravention of the Company's policies and procedures. Mr. Bartusek had been hired by the Company into those positions effective July 20, 2015. These funds collectively total \$776,000. Upon evaluation of the circumstances under which such unauthorized investments were made, the Company determined that internal control weaknesses existed that permitted these wire transfers to be initiated, processed, and completed without obtaining necessary approvals.

Management represented to the Audit Committee that the Company's consolidated financial statements as of and for the fiscal year ended December 31, 2015 were prepared in accordance with U.S. GAAP and confirmed to the Audit Committee that such preparation was without the participation of Mr. Bartusek. On March 30, 2016, in reliance on the reviews and discussions with both management and BDO referred to above, the Audit Committee recommended to the Board and the Board approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the SEC.

The Audit Committee considered and pre-approved any non-audit services provided by BDO during 2015 and the fees and costs billed and expected to be billed for those services. The prior members of the Audit Committee considered and pre-approved any non-audit services provided by BDO during 2014 and the fees and costs billed and expected to be billed for those services. The Audit Committee also considered whether the non-audit services provided by BDO were compatible with maintaining auditor independence. In reliance on the reviews and discussions with the Company’s management and BDO, the Committee is satisfied that non-audit services provided to the Company by BDO are compatible with and did not impair the independence of BDO. A breakdown of the fees and costs billed to the Company by BDO during 2015 and 2014 is provided below in this Proxy Statement under the heading, “**Principal Accounting Fees and Services**”.

This report is provided by the following independent directors, who comprise the Audit Committee.

Principal Accounting Fees and Services

The following table presents fees billed to the Company for professional services rendered by BDO USA, LLP during the years ended December 31, 2015 and December 31, 2014.

Audit Fees	\$581,000	\$419,000
Audit-Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	29,000
Total:	\$581,000	\$448,000

In accordance with the SEC’s rules and definitions, the categories of fees in the above table are defined as follows:

Audit Fees are fees for professional services rendered for the audit of the Company’s consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees are fees related to the performance of the audit or review of the financial statements and not reported within the audit fees above.

Tax Fees are fees for professional services for federal, state and international tax compliance, tax advice and tax planning.

All Other Fees are for any services not included in the first three categories and principally include services for risk management and corporate governance.

Consistent with SEC policies regarding auditor independence, the Audit Committee has established a policy to pre-approve all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm. As such, all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm were pre-approved. The Audit Committee has concluded that the provision of the non-audit

services listed above is compatible with maintaining the independence of the Company's independent registered public accounting firm.

The Audit Committee has selected BDO USA, LLP to serve as the Company's independent principal accountant for the current year. One or more representatives of BDO are expected to be in attendance at the meeting, where they will have the opportunity to make a statement if they so desire, and be available to answer appropriate questions.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and Directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Such persons are required by SEC regulations to furnish the Company with copies of all such filings. Based solely on its review of the copies of such reports received by the Company and written representations from reporting persons, the Company believes that during 2015 all reports for the Company's executive officers and Directors that were required to be filed under Section 16(a) were filed on a timely basis except for the following: a Form 3 in connection the initial holdings of Mr. Cicchinelli was filed late due solely to administrative error in connection with the engagement of a new filing service by the Company.

DIRECTOR COMPENSATION

Directors who are employees of the Company are not separately compensated for serving on the Board. All directors are reimbursed for reasonable expenses incurred in attending meetings. For 2015, compensation for non-management directors consisted of a fixed annual cash retainer paid to Directors (with no additional attendance fee for attendance at Board and committee meetings), and for independent directors, an award of restricted stock with full vesting occurring on May 22, 2015, provided, as of the vesting date, the independent director's position had not been vacated by reason of resignation or removal for cause. Under terms of the grants, transfer of such stock is prohibited while the recipient serves as a director except to the extent necessary to provide reimbursement for taxes incurred as a result of the vesting of such grants. The grants also stipulate that the Board may, in its discretion, waive any forfeiture triggered by the vacating of the independent Director and allow the grants to vest as scheduled.

The following table shows compensation information for the Company's non-management Directors for fiscal 2015.

EXECUTIVE COMPENSATION

The Company qualifies as a "smaller reporting company" as defined by Item 10(f) of Regulation S-K. As such, the "Named Executive Officers" for the Company are limited to the Company's principal executive officer and the two most highly compensated other executive officers who were serving as executive officers at the end of the Company's last completed fiscal year. The following narrative describes the Company's compensation objectives, policies and elements of compensation for its executive officers, including its Named Executive Officers for 2015: Ronald J. Casciano, Chief Executive Officer and President; Karen E. Sammon, President, ParTech, Inc.; and Matthew R. Cicchinelli, President of PAR Government Systems Corporation and Rome Research Corporation, wholly owned subsidiaries of the Company ("PAR Government"). Specific discussion regarding the method used to determine compensation for these Named Executive Officers for the 2015 fiscal year is also provided which includes the material factors necessary for an understanding of the information provided in the Summary Compensation Table which follows.

Philosophy

The Company's compensation philosophy regarding executive compensation is to structure programs that motivate executive officers to grow the Company's revenues and profits, creating long-term value for shareholders. To achieve this, compensation programs have been designed and implemented to (i) reward executive officers for operating performance and leadership, (ii) align their interests with shareholders, and (iii) encourage executive officers to remain with the Company.

Objectives

The Company's compensation program has three primary objectives:

- Values-Based: our compensation program will reward performance and behaviors that reinforce the values of leadership, integrity, accountability, teamwork, innovation, and quality;
- Performance-Based: the compensation program will motivate participants to achieve the Company's overall performance goals as approved by the Board of Directors. It will also incorporate the performance objectives of each of our employees, including executive officers;

- Aligned with Shareholders: our programs will ensure alignment with management and shareholder interests.

Compensation Policy

Consistent with our philosophy, the Compensation Committee designs compensation programs for the Company's executive officers in accordance with the following overriding policies:

- Compensation must be tied to the Company's general performance and achievement of financial and strategic goals;
- Compensation opportunities should be competitive with those provided by other companies of comparable size engaged in similar businesses; and
- Compensation should provide incentives that align the long-term financial interests of the Company's executive officers with those of its shareholders.

In the view of the Compensation Committee, compensation paid to the executive officers in 2015, including the Named Executive Officers, was consistent with the above policies. The primary responsibility of the Company's Chief Executive Officer and its other executive officers is the enhancement of shareholder value through balancing the requirements of long-term growth with the achievement of short term performance. The contribution an executive officer has made to achieve the Company's short term strategic performance objectives as well as that executive officer's anticipated contribution toward long term objectives provide the basis upon which the executive officer's individual compensation awards are established.

Setting Compensation

In determining and assessing the appropriateness of the compensation for all executive officers, the Compensation Committee did not engage an independent compensation consultant but, instead, procured benchmark data from a third party survey. This third party compensation survey was utilized by the Compensation Committee to evaluate the compensation levels of chief executive officers at companies of similar size and geographic location within the high technology sector.

Elements of Executive Compensation

To meet its compensation policy objectives, the Company compensates executive officers through a combination of Base Salary, incentive compensation (short-term), Equity Compensation, Deferred Compensation, and various benefits, including medical and 401(k) plans generally made available to all employees of the Company.

The determination of the Company's executive officers' compensation is solely within the purview of the Compensation Committee. In deciding compensation programs for the Chief Executive Officer, the Compensation Committee considered the third party information, market trends and best practices. The Compensation Committee also solicited and considered the self-assessment of each executive as to his or her performance against pre-established goals and objectives, as well as the executive's involvement in the day to day operations of the relevant business unit. For 2015, the Chief Executive Officer did not have any role in establishing his compensation other than his election to not receive a payout under the 2015 annual incentive compensation program discussed further below.

Base Salary. In setting the annual base salary of the Chief Executive Officer and in reviewing and approving the annual base salaries of the other executive officers, the Compensation Committee considered the salaries of executives in similar positions, the level and scope of responsibility, experience and performance of the individual executive officers, the financial performance of the Company and other overall general economic factors.

The Compensation Committee utilized the benchmark data mentioned previously when reviewing annual base salaries. An objective of the Compensation Committee was to approve the salary for each executive officer when compared with similar positions identified in the surveys, taking into account variables such as industry, company

size, geographic location, and comparison of duties. Consideration was also given to the individual performance of that executive officer, the performance of the organization over which the executive officer has responsibility, the performance of the Company and general economic conditions (with each factor being weighted as the Compensation Committee deemed appropriate).

Incentive Compensation. The purpose of the Company's annual incentive compensation program for its executive officers is to provide financial incentive for meeting and exceeding pre-established financial performance goals for the respective businesses under their control. In general, the financial performance goals of the executive officers are approved by the Board.

The Compensation Committee made a change to the traditional program for 2015 for the Company's corporate and Restaurant/Retail executives. The Compensation Committee retained the 2014 program in 2015 for executives within the Government segment. In 2015, incentive compensation payments to the Corporate executives were based 70% on the achievement of earnings before tax depreciation and amortization (EBITDA) goals by the Restaurant/Retail businesses within the Hospitality business segment and 30% on the achievement of Profit Before Tax goals by the Government business segment. As such, the Named Executive Officers within Corporate could earn from 0% to 25% of base salary depending on the executive's level and on actual financial performance compared to the goals established. For Restaurant/Retail executives, the incentive metric was EBITDA and for PAR Government executives, the metric was Profit Before Tax.

For 2015, the incentive program for each of the Named Executive Officers was set as follows:

Annual Incentive Compensation Plan for Corporate – The incentive payment to Mr. Casciano was based 70% on the achievement of EBITDA goals by the Restaurant/Retail businesses within the Hospitality business segment and 30% on the achievement of Profit Before Tax goals by the Government business segment. On target performance in 2015 would have resulted in an incentive payment to Mr. Casciano of \$43,750, equal to 12.5% of his base salary.

Annual Incentive Compensation Plan for Restaurant/Retail executives. – The goal for Ms. Sammon's plan was based on EBITDA performance. A senior executive in this plan could earn between 5% up to a maximum of 20% of their base salary. On target performance in 2015 would result in an incentive payment to Ms. Sammon of \$24,750, equal to 9% of her base salary.

Annual Incentive Compensation Plan for PAR Government executives. – The incentive payment to Mr. Cicchinelli was based on a goal of Profit Before Tax. On target performance in 2015 would result in an incentive payment to Mr. Cicchinelli equal to 10% of base salary. Mr. Cicchinelli could earn from 0% to 150% of the individual target established for the business depending on actual financial performance compared to the actual goals of the operating plan.

To the extent earned under this formula, cash payments were made following the completion of the Company's yearly audit. Based on the metrics described above, Mr. Casciano's 2015 incentive compensation payment was calculated to be \$53,594, representing 123% of target; and Ms. Sammon's 2015 incentive compensation was calculated to be \$27,500, representing 111% of target. In light of the discovery of an unauthorized use of Company funds by the Company's former CFO during 2015 and certain material weaknesses in the Company's internal controls (as disclosed in the Company's Annual Report on Form 10-K filed with the SEC on March 30, 2016), Mr. Casciano and Ms. Sammon declined receipt of their respective incentive compensation indicating their belief that, given their positions of chief executive in 2015 and 2016 respectively, such payment did not align with shareholder values. Mr. Cicchinelli, as an executive officer for the Company's Government business segment, was measured on the performance of that segment and received incentive compensation of \$22,090, representing 137.5% of target, for 2015 performance. In his previous position as VP, ISR Solutions, Mr. Cicchinelli also received commission payment in 2015 in the amount of \$26,000 in connection with Government contracts. He also received a special incentive of \$15,000 for additional efforts during the transition of the previous President, PAR Government.

Equity Compensation. Stock options granted under the 2005 Equity Incentive Plan or 2015 Equity Incentive Plan may be either Incentive Stock Options as defined by the Internal Revenue Code (“ISO’s”) or options which are not ISO’s (“Non-Qualified Stock Options”). Options generally become exercisable no less than one year after their grant and expire 10 years after the date of the grant. Option grants are discretionary and the amount of the grant reflects of the value of the recipient’s position, as well as the current performance and continuing contribution of that individual to the Company.

The Compensation Committee has recommended and the Board has approved Long Term Incentive (“LTI”) program equity awards to be made to Ms. Sammon in connection with her promotion to President and Chief Executive Officer, and to Mr. Cicchinelli in connection with his promotion to President, PAR Government. These grants are anticipated to be made once the Company emerges from its current fiscal quarter-end trading quiet period. The planned grant to Ms. Sammon will consist of 50,000 non-qualified stock options and 30,000 restricted performance shares. Mr. Cicchinelli will be granted 20,000 restricted performance shares. For these performance shares, the financial performance objectives shall be a series of annual Profit Before Tax targets, with 33% of performance shares vesting annually upon achievement of these targets for 2016, 2017 and 2018.

The terms and conditions of grants under the LTI program contain customary restrictions on transfer of shares, as well as non-solicitation and non-recruitment restrictions for one year following termination of employment. The terms of grants also provide for the “claw back” (i.e. reversal of an award) of vested awards and any profits from exercise of options issued under the awards in the event vesting or profits are later determined by the Board to have resulted from materially inaccurate financial information. In the event of a change in control of company ownership or ownership of a business unit in which the executive is employed, and the executive is terminated without cause (“double-trigger”) the unvested shares granted under the LTI program would vest.

Benefits and Perquisites. The Company provides partial payment for medical, dental and vision insurance, 401(k) plan with profit sharing and disability and life insurance benefits to its Named Executive Officers consistent with that offered generally to its employees. In addition, Named Executive Officers are provided a limited number of perquisites, the primary purpose of which is to minimize distractions from the executives’ attention to important Company objectives.

PAR Technology Corporation Retirement Plan. The Named Executive Officers are eligible to participate in the PAR Technology Corporation Retirement Plan (the “Retirement Plan”). The Retirement Plan has a deferred profit-sharing component that covers substantially all the employees of the Company including the Named Executive Officers. Contributions to the profit-sharing component of the Retirement Plan are made at the discretion of the Board. There were no contributions to the Company’s profit-sharing program made during 2015. The Retirement Plan also contains a 401(k) provision that allows employees to contribute a percentage of their salary, pre-tax, up to certain tax code limitations. The Company matches the deferrals of all participants in the 401(k) portion of the Retirement Plan, including the Named Executive Officers. The match on such deferrals is 10% up to the 2015 and 2016 annual IRS limit of \$18,000, excluding any deferrals in connection with the catch-up provision.

Deferred Compensation. The Company sponsors a Non-Qualified Deferred Compensation Plan for a select group of highly compensated employees that includes the Named Executive Officers. Participants may make voluntary deferrals of their salary and/or cash bonus to the plan in excess of tax code limitations that apply to the Company's Retirement Plan. The Board also has the sole discretion to make Company contributions to the plan on behalf of employee participants, although it did not make any such employer contributions in 2015.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Named Executive Officers of a publicly held company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company’s primary objective in designing and administering its compensation policies is to support and encourage the achievement of the

Company's long-term strategic goals and to enhance stockholder value. In general, stock options granted under the Company's 2005 and 2015 Equity Incentive Plans are intended to qualify under and comply with the "performance based compensation" exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options. Because salary and bonuses paid to Named Executive Officers have been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company's compensation programs.

Role of Executive Officers

The Company's Chief Executive Officer ("CEO") reports on his evaluations of executive officers, including the other Named Executive Officers. The CEO makes compensation recommendations to the Compensation Committee for the other Named Executive Officers with respect to base salary and annual and long-term incentives.

Mr. Casciano oversaw the actual formulation of plans incorporating the suggestions of the Compensation Committee and provided information to the Compensation Committee on how employees were evaluated and the overall results of the evaluations.

Employment and Severance Agreements

On January 1, 2016, the Board appointed Karen E. Sammon to the position of President and Chief Executive Officer. In connection with her promotion, Ms. Sammon entered into an employment agreement with the Company under which her employment is "at will" and provided for the following elements that will impact her 2016 compensation: (a) an annual base salary of \$300,000; (b) participation in the Company's incentive compensation plan at the rate of 75% of her annual base salary in connection with performance against financial metrics established by the Board; (c) subject to approval and terms established by the Board on the grant date, grants under the PAR Technology Corporation 2015 Equity Incentive Plan of (i) 50,000 non-qualified stock options vesting equally over three years on the anniversary of the date of grant and (ii) 30,000 shares of restricted stock with long term performance based vesting in equal installments over three years with achievement of financial metrics as established by the Board; and (d) continued participation in the Company's retirement plan, as well as provision of insurance benefits and other customary benefits offered to the Company's senior executives. Any termination of Ms. Sammon's employment without cause prior to January 1, 2018, would result in a severance payment of an amount equal to one year of her then current annual base salary in exchange for a duly executed standard release.

On December 12, 2015, Matthew R. Cicchinelli was appointed to the position of President, PAR Government Systems Corporation and Rome Research Corporation. In connection with his promotion, Mr. Cicchinelli entered into an employment agreement with the Company under which his employment is "at will" and provided for the following elements that impacted his 2015 and 2016 compensation: (a) an annual base salary of \$240,000; (b) participation in the Company's 2016 Incentive Compensation Plan at a rate of 50% of his annual base salary for on plan performance against financial targets associated with the Company's Annual Operating Plan and specific business objectives as established by the Board; (c) subject to approval and terms established by the Board on the grant date, a grant under the PAR Technology Corporation 2015 Equity Incentive Plan of 20,000 shares of restricted stock with long term performance based vesting in equal installments over three years with achievement of financial metrics as established by the Board; and (d) continued participation in the Company's retirement plan, as well as provision of insurance benefits and other customary benefits offered to the Company's senior executives. Mr. Cicchinelli's employment is not governed by any severance agreement.

On September 1, 2015, Mr. Steven P. Lynch was separated from his position as President, PAR Government Systems Corporation and Rome Research Corporation by mutual agreement with the Company. Under this agreement, Mr. Lynch received (i) a pro rata portion of 2015 incentive compensation amounting to \$130,625;

(ii) a payment of one year's base salary of \$285,000 in exchange for an executed and unrevoked Release Agreement. Mr. Lynch also received three months of executive level outplacement with a value of \$4,200.

Approval or ratification by the Nominating and Corporate Governance Committee is required for any transaction or series of transactions exceeding \$120,000 in which the Company is a participant and any related person has a material interest. Proposal 2: Non-binding advisory vote regarding the compensation of the Company's Named Executive Officers

As a smaller reporting company, the Company provides disclosures regarding compensation of Named Executive Officers pursuant to Item 402 (m) through (q) of Regulation S-K promulgated under the Securities Exchange Act of 1934 ("Regulation S-K"). While the Company's smaller reporting company status exempts it from Item 402(b) of Regulation S-K, which imposes compensation discussion and analysis of a company's executive compensation practices, the Company has elected to provide information regarding its objectives and practices regarding executive compensation in order to give its shareholders transparency into its compensation philosophy and practices. The compensation paid to the Company's Named Executive Officers is disclosed in the narrative discussion and compensation tables on pages 17 through 26 of this Proxy Statement. As discussed in the disclosures, the Company believes its compensation policies and decisions are focused on pay-for-performance principles and are strongly aligned with the long term interests of building shareholder value.

The Company's shareholders, through their non-binding advisory vote at the 2013 Annual Meeting of Shareholders, indicated a desire for an annual non-binding advisory vote regarding the compensation of the Company's Named Executive Officers. The Board believes an annual vote will enhance shareholder communication by providing a clear, simple means for the Company to obtain information on investor sentiment about its executive compensation philosophy. Therefore, in accordance with Section 14A of the Security Exchange Act of 1934, as amended, and the regulations promulgated there under, shareholders are being asked to provide a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the compensation tables and narrative discussion, be and hereby is APPROVED.

The shareholder vote on Proposal 2 is advisory in nature and, therefore, is not binding on the Company, the Board of Directors or the Compensation Committee. While the opinions of the Company's shareholders are valued, the result of the vote will not be deemed to create or imply any change to the fiduciary duties for the Company, the Board or the Compensation Committee. To the extent there is any significant vote against the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement, the Company, the Board, and the Compensation Committee will consider shareholder concerns and an evaluation will be made as to whether any actions are necessary to address those concerns.

The Board of Directors recommends a vote FOR the proposal to approve the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the compensation tables and narrative discussion. Unless a contrary direction is indicated, shares represented by valid proxies that are not marked with a vote in connection with Proposal 2, will be voted **FOR** the proposal.

OTHER MATTERS

Other than as described in the materials of this Proxy Statement, the Board knows of no matters that will be presented at the meeting for action by shareholders. However, if any other matters properly come before the meeting, or any postponement or adjournment thereof, the persons acting by authorization of the proxies will vote thereon in accordance with their judgment.
