PAR POS + PAR Pay

Two Best-in-Class Solutions.
One Go-To Partner.

End to End Management

Synchronized project management, timelines, and training for faster rollouts and adoption – all under one roof.

Aligned Data

Your POS data will always match up to your Payments data. Simplify the reporting process with unified information.

Managed Security & Compliance

PAR manages your PCI-Compliance and Security entirely – freeing up your IT team from this annual burden.

One Number to Call

One-stop 24x7x365 support with strong SLAs cuts through vendor finger-pointing.

Adaptable Platforms

Experiment with ease with open APIs and diverse payment partners.

Scale Faster

Proven solutions that accommodate both corporate and franchisee needs.
